Summary

Software Engineering Student | BUIITEMS Quetta

▣ Passionate about coding, technology, and innovation

▣ Quetta | Age: 20

I'm currently pursuing a **Bachelor's in Software Engineering** at **BUIITEMS Quetta**, with a strong interest in software development, problem-solving, and emerging technologies. I enjoy building creative tech solutions and learning new tools and frameworks that can make a real-world impact.

Experience

Network Administrator

PITAC • QUETTA, PAKISTAN

04/2024 - 04/2024

As a Network Administrator at PITAC Quetta, I managed and maintained the organization's local area networks, ensuring reliable internet connectivity and network security. I was responsible for installing, configuring, and troubleshooting network devices such as routers and switches. Additionally, I provided timely IT support to resolve network issues, monitored system performance, and implemented improvements to minimize downtime.
